

Finger keyboard map (QWERTY)

Every key belongs to one finger. The home position is A S D F and J K L ;, thumbs on the space bar. The bumps on F and J let you find it without looking.

● Left pinky ● Left ring finger ● Left middle finger ● Left index finger ● Thumb ● Right index finger
● Right middle finger ● Right ring finger ● Right pinky

HOME POSITION

Fingers on A S D F J K L ;. After every keystroke the finger returns there.

- Wrists float, don't rest them.
- Eyes on the screen, never on the keys.
- Accuracy first, speed second.
